

English	Maths	Topic
Create your own character to replace the giant/ogre in Jack and the Beanstalk. Draw a picture of your character and then write sentences to describe it.	Practice counting in 2s, 5s and 10s. Can you write your sequences down? How high can you get to?	St. George's Day is on the 23 rd of April. Research St. George and see what you can find out about him.
Write a letter to your grown ups asking to stay up late. What reasons could you include? Remember to write persuasively.	Choose 10 numbers from 0-50 and write the number that is one more and one less than each number you've chosen.	Go to a local garden centre and buy some plant seeds. Plant your seeds and remember to give them lots of water and sunlight. Observe your plant as it grows, take photos and measure it. How tall will your plant grow?
Basic skills bonus!	Go on a hunt around your house and measure what you find. What's the longest item you can find? What's the shortest item you can find?	Go on a walk around your local area or a local park. What plants can you find? Take some photos and then draw pictures of the plants when you get home.
Practise your Spelling Bee words. Make a poster to help you remember them and then practise writing them on their own and in sentences: little, put, when, like, said, here, there, once, were 		

This grid outlines a range of home learning tasks that you can choose from over the course of the term. If you complete at least 6 activities then you will get a certificate at the end of the term. Please also read at home at least 3 times a week, if you read 4 times in a week then you will get a sticker and a certificate at the end of the week.
