Be Responsible Online...

- Make sure your child knows not to share personal information like their phone number or email address online.
- Encourage them to only talk to real-life friends or family if they are on sites with a social media or chat element like Roblox.
- Use privacy settings wherever they exist to keep their information private – help your child to set these up. Remember that the default on many sites is public.
- Be a good online friend and don't say nasty things even if it's just a joke
