FOR ST MARTIN'S
CHURCH

GRAND OPENING OF COMMUNITY GARDEN

St Martin's Church is having a grand opening for its new community garden on **25th May**. Reverend Melissa would like Whinless Downs Academy children to create a name for the garden and design a poster to advertise its opening. The garden will be a place of peace, friendship, health and rest. It will be a place for people to learn about growing plants and also growing fruit and veg for healthy living. It will be a space for anyone to use to spend some quiet time sitting on the benches, looking at the flowers, praying, thinking, reading or meeting up with friends for a chat.
