

19th April 2024

'Eid Mubarak' to all our families that celebrated during the holidays.

Online Safety Tips

TikTok

You must be over 13 years of age to use TikTok. Some of the videos on TikTok may contain explicit language and inappropriate imagery, which may not be suitable for your child to view and there is also the risk of strangers contacting your child. If your child is using TikTok it is important to make sure the appropriate security/privacy settings are on. We recommend setting the account as private (this is the default setting for users under 16 since Jan 2021). Even with a private account, your child's profile information such as their photo are still visible so ensure your child understands the importance of not adding personal information (e.g. location, age and phone numbers) to this area.

Take a look at this article which will explain how you can strengthen your privacy settings and what features are turned off by default for accounts for children aged 13 - 15: <https://newsroom.tiktok.com/en%5b1%5dus/strengthening-privacy-and-safety-for%5b1%5dyouth>

Family Pairing

This allows you to link your own account to your child's account. You can then set controls such as restricted mode (limit the appearance of inappropriate content) and screen time management. You can find out more here: <https://www.tiktok.com/safety/en/guardians-guide/>

Blocking and Reporting

Ensure your child knows how to use these features.

Users of this guide do so at their own discretion. No liability is entered into.
